HERE FOR YEAR at Lincoln-Way high school as an exchange student sponsored by the Lions clubs of Japan is Miss Hisako Iwamura, 17. With her are two members of her "family," Mrs. Joseph Petnuch, and at the right her "sister," Pamela Petnuch. Hisako has enrolled at the school and is now waiting — eagerly or anxiously — for next Tuesday when she will be caught up in the rush that marks the first full day of classes after summer vacation. A new land, new friends, new customs, new foods — really, it takes something to be an exchange student. Hisako will be the "daughter" of Dr. and Mrs. Joseph Petnuch, Mokena, during her stay.

Fire Damage At Valley View Farm Is \$10,000

Fire, apparently started by a bolt of lightning, broke out at Valley View Farm restaurant, U.S. 30, east of Wolf rd., last Friday morning routing members of the Jurcak family, owners, from their beds.

The fire was discovered about 4 a.m. in the bedroom occupied by Mr. and Mrs. Frank Jurcak. Mr. Jurcak awakened and smelled smoke. He roused his wife, Lois, and they awakened a daughter, Shirley, 14. The three escaped without injury. The other daughter, Lois, 20, was at the state fair.

Firemen from the Frankfort and Mokena departments extinguished the fire quickly. The flames were confined mostly to the bedroom at the southeast corner of the building but there was damage to the attic and roof. Damage was estimated at \$10,000.

Firemen made an excellent stop and had the fire

Frankfort Airport To Open Sept. 6

Formal opening of the Frankfort airport, south of the village on Center road, is to take place Sept. 6. Festivities are scheduled to begin at 10 a.m.

Owned by John Arnold, of Orland Park, and managed by H.M. Brown, the airport is designed to handle light aircraft and there will be several such type planes on hand for the opening, it was said.

The Lions club of Frankfort, will operate a refreshment stand at the airfield for the opening.

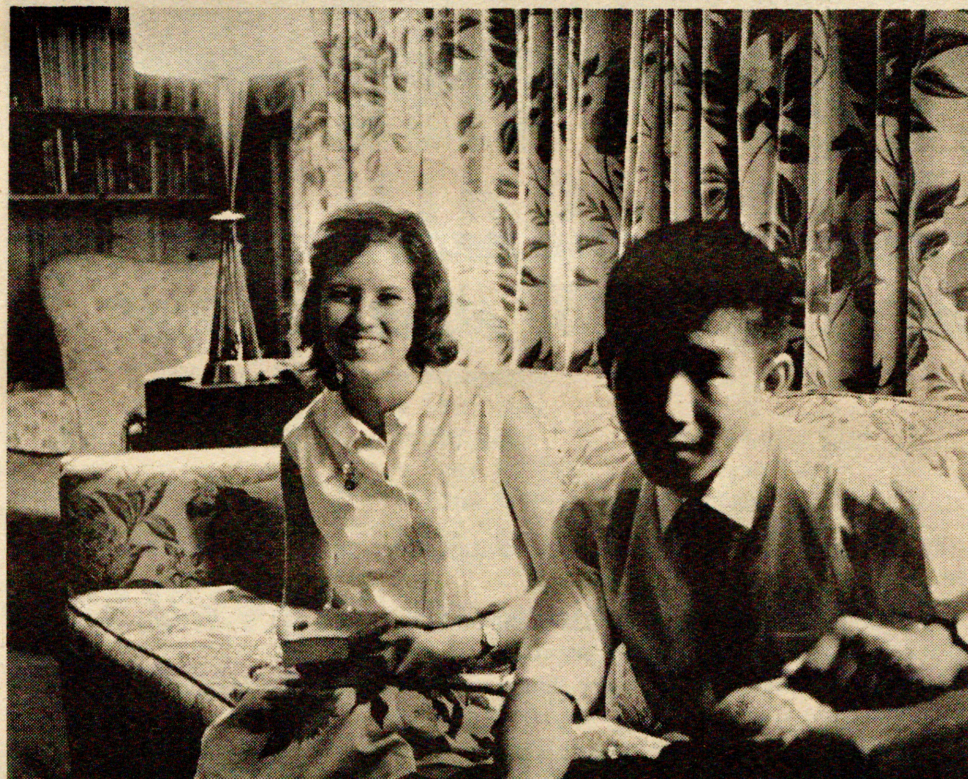

Ten T-hangers provide some storage for planes and there is also room for 50 more on tie-down spots. The runway will be lighted and 80 and 100 octane gas is to be available. An aircraft and engine mechanic will be on duty, according to Arnold.

The public is invited to the opening.

evidence of arson.

There was a fire at Valley View Farm about five and a half years ago. That blaze also started on the second floor.

A heavy electrical storm swept the area last Friday morning.

BACK FROM stay in Japan and a trip around the world, Margie Olson, Mokena, a senior at Lincoln-Way high school spent the summer in Japan as an exchange student sponsored by the Lions of Lincoln-Way. This picture was taken at her home Monday night. She landed at O'Hare Field Sunday afternoon and Monday the Olsons received a telegram from 16-year-old Seichi Goto, seated beside Margie. Seichi, whom she met in Japan and was a guest in his parents home, has been in Virginia for the past month as a Lions exchange student. He is on his way home after a visit to Washington and the New York fair. When he telegraphed that he would be at O'Hare Field Monday afternoon the Olsons were on hand to meet him and brought him home as a house guest.

Two arrivals at O'Hare Field last week-end marked the beginning of an experience as an exchange student for one girl and the ending of a similar experience for another.

One arrival was Miss Hisako Iwamura, 17, of Gifu-ken, Japan, who will reside with Dr. and Mrs. Joseph Petnuch at Mokena for the coming year while she attends classes at Lincoln-Way high school. She arrived last Friday.

On Sunday afternoon Margie Olson, 17, daughter of Mr. and Mrs. Robert Olson, Mokena, landed at O'Hare from New York. She had landed at the eastern city from Rome, having gone the rest of the way around the world on her return from a summer in Japan.

Miss Iwamura, of course came directly from Japan. She has some English and the Petnuchs are picking up a

Japanese word here and there and they and the new member of their family are making out very well.

Hisako was taken to Lincoln-Way high by her "sister," Pamela Petnuch, and Mrs. Petnuch, and there selected her subjects for the coming year. She is placing special emphasis on English and U.S. history.

She has been homesick but has been anything but lonely. An almost steady stream of Lincoln-Way students have been coming and going at the Petnuchs to welcome Hisako. They want to try Japanese words and Hisako is ever exploring the mysteries of English and both sides enjoy it.

One of the things that probably will result from Hisako's stay will be the addition of "origami" to handicraft courses here ranging from kindergarten to 4-H and

high school. "Origami" is the fascinating folding of paper squares to make animals, birds and just things.

Scissors and any cutting tools are banned nor does one tear the paper to bring it to proper shape.

In coming back to Mokena Margie Olson stopped in Thailand, New Delhi, India, Tel Aviv, Terhan and had five days in Rome, climaxed by an audience with the Pope. She was in Israel several days and while there made a pilgrimage to the Christian shrines in Jerusalem.

"It was a wonderful experience," Margie said about her summer among the Japanese and the people of other nations that she encountered along the way.

"What did she enjoy most about the entire trip?"

Her answer was prompt. It was the people that she enjoyed most.

Margie likes people and people like Margie. The rapport thus established they enjoy themselves thoroly.

Margie's trip was financed by the Lions of Lincoln-Way — her transportation costs that is, and the Lions of Japan are sponsoring Hisako's visit to America.

"If you're ready for the better things in life, you're ready for electric heat"

(and the rates are down 50% since 1958!)

That's Bob Appel talking. His RCA Associates, Inc., have built more than 600 homes in the North Aurora area.

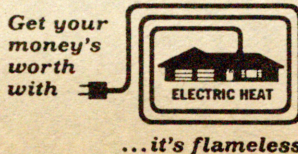

Like an ever-growing number of his friends in the building trades, Bob Appel believes that electric heat is today's great home improvement.

And, if you are ready for the better things in life, no other heating system at any price comes close to giving you all the benefits of electric heat.

It's clean, safe, the most comfortable heat by a wide margin. Separate thermostats let you control the heat in every room. And because electric heat burns no fuel, there's nothing to create dirt, dust, and fumes. Walls, ceilings, curtains, and furniture stay clean longer. And there's little or no maintenance.

Besides—what else can you think of that costs 50% less today than it did in 1958?

Mokena Girl To Teach In Alaskan Schools

A Mokena girl is leaving Saturday, Aug. 29, for Fairbanks, Alaska, where she will teach instrumental music in the grade schools. She is Penny Fiegen, daughter of Mr. and Mrs. Max

Fiegen, South Woodland circle.

Miss Fiegen is a graduate of Lincoln-Way high school, class of 1960, and was graduated from the University of Illinois this June. At Lin-

coln-Way she played in the school band, the flute section, and was also in that section in the Concert band at the University of Illinois.

While she majored with the flute, Miss Fiegen, plays all instruments, brass and woodwinds, piano and organ.

It is perhaps only natural that Miss Fiegen decided upon a musical career. Her mother is a pianist. Her father, while he doesn't play an instrument, has always appreciated music and has built his own hi-fi system. Her sister, Letty, is studying music at the Texas Women's university and plans to enter a special field in which music is used in the therapy for persons suffering from certain mental disorders.

"The girls were brought up to appreciate good music and good books," Mrs. Fiegen said, "and that is something one can always possess."

Penny will go from O'Hare Field to Seattle where she will board a plane for the flight to Fairbanks.

BURGLARIZE GAS STATION

Last Saturday night burglars broke into the L&M Super Service gas station at 192nd and Wolf road, Mokena, and stole \$30 from the cash register. The burglars gained entry by breaking a window on the north side of the building. Sheriffs police are investigating, but there are no clues.

Board Sells Bonds For Addition

The \$306,500 bond issue for an addition to Oakview school at New Lenox has been sold and the architectural firm that has designed the building has been instructed to complete plans and draw up specifications that bids may be taken this fall. It is the hope of the board of education and school administrators that work can be commenced so that the addition--or at least a portion of it--will be ready for occupancy by September, 1965.

There were 14 bidders represented at the bond sale in New Lenox. The successful bidder was Hutchinson, Shockey, Erley & Co., of Chicago.

Bonds are sold on interest rate, the lowest rate being the best bid. The successful bidder gave a premium of \$155.40 which reduced the original interest figure of 3.10 to 3.093. LaSalle National Bank of Chicago was second with an interest rate of 3.1003 per cent. The third best bid was submitted by Benjamin-Lang and White, Phillips, Daveny -- 3.11%.

The board of education was pleased with the deal. This was one of the best interest rates the school dis-

trict has had, it was explained by Supt. Arnold Tyler.

The architects are Alexander, Borkon, Westphal and DeYoung of Joliet. They told the board that they hoped to have the plans and specifications completed in time so contracts could be awarded in October or early November.

member.

Should there be an open winter, it is likely the foundations could be laid so that by spring the building could be pushed.

Supt. Tyler said that the building would be needed by September, 1965. Oakview school is on N. Cedar rd., in the village of New Lenox.

Pastor Is Leaving Area

The Rev. Dallas D. Mucci who came to Tinley Park eight years ago as pastor of the Nazarene church there, said farewell to his parishioners and many friends in the community at an open house held in the church annex last Friday night.

The popular young pastor and his family will move to Pittsburgh, Pa., where he will assume the pastorate of the South Hills Church of the Nazarene in Bethel Park. The church was established two years ago but is still without a building of its own.

It appears that the young pastor, who feels very strongly that God has moved him to assume this new responsibility, will again utilize his talent of strengthening beginning churches. Under his leadership at Tinley the Church of the Nazarene there has had a remarkable growth. Under his leadership a sanctuary and two additional buildings have been erected and a nursery and kindergarten established.

The Rev. Mr. Mucci came to Tinley Park the summer of 1954, direct from Eastern Nazarene college at Wollaston Park, Quincy, Mass. where he completed his theological training at the age of 22. It was there that he met his wife, the former Sandy Hamlin, also a student. She is the eldest daughter of Dr. and Mrs. Howard Hamlin, Chicago. The couple was married that same summer and his wife has been an active participant in all areas of the church.

When he came to Tinley Park, the church was meeting in the building which was later remodeled as a parsonage at 7265 W. 171st st.

In 1958 the present sanctuary was constructed and in 1960 the church purchased an adjoining half acre on Oconto ave. That same year the Ken Gross Annex was built, and a second story completed in December, 1963. In 1962, a nursery for children during church services was added to the sanctuary and the church foyer was enlarged.

Today, under his leadership, the church holdings are now worth \$185,000, church membership has increased over 300 per cent and the Sunday School 700 per cent in membership and attendance.

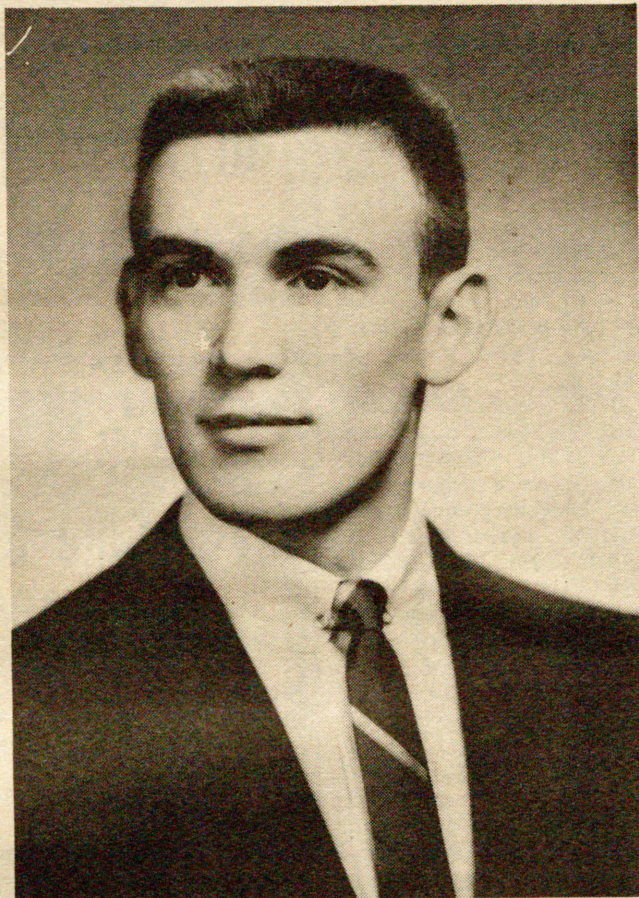

The congregation recently assumed the financial responsibility of a pastor and church in La Gonare, Haiti, after Rev. Mucci visited at the Haitian church last year.

NURSERY SCHOOL

In 1960, the first nursery school in this area was established at the church, and also in the same year a kindergarten. These facilities for pre-school children are filling a community need to the extent that 100 children are being served every day.

When Rev. Mucci first came here, he implemented his pastor's salary by serving as a substitute school teacher. At this time, he was also attending the University of Chicago where he was awarded a master's degree in history.

Recently turned author, he has written many articles for publication. One series of articles published in a

REV. DALLAS D. MUCCI

religious magazine, helped to defray the expense of his trip to Haiti.

He has just concluded a manuscript on Nursery School -- Kindergarten as Related to a Church, expected to be published early in 1965; also an article Youth and Recreation for the teen organization of the Church of the Nazarene which will be serialized in some ministerial journals, starting in January, 1965.

He has also written for such publications as Eternity, Sunday Digest, and the Christian Herald and is presently writing for a Church of the Nazarene publication.

ORGANIZED CHURCHES

For the past two years, he has assumed the responsibility for his church in the Joliet area and in this period has helped to build two new churches, one in Colonial Village and one in New Lenox.

The Rev. and Mrs. Mucci visited a Nazarene Mission church in Africa the summer of 1962 where they worked with the natives. He spoke to students in a number of church schools, a

Missionary college and a Bible school, the equivalent of an American Seminary. They also worked with the missionaries in the kraal.

The couple also spent a week in the Holy Land, visited Italy and other European countries before returning to America.

Mrs. Mucci's parents are presently serving in the African Mission, where Dr. Hamlin, who formerly headed South Shore hospital in Chicago, administers to the medical needs of the natives at the Nazarene Mission hospital.

Rev. Mucci may well be remembered best in Tinley Park for his work with the young people, who are attracted by his youth and dynamic personality.

He helped to form and participated in a church league which played basketball for several years.

His interests were never focused exclusively on his own flock, but stretched out into the community, helping where he found a need and counseling where there was a desire.

Earl R. Fuller With Power Firm 30 Years

Earl R. Fuller, 15023 Holiday ct., Orland Park, is celebrating his 30th service anniversary with Commonwealth Edison Co. this week. He started in 1934 as a bill delivery boy and later became a draftsman with the engineering department. He is now a designer in the drafting department.

Member of the Illinois National Guard for three years, Mr. Fuller served overseas for 16 months in World War II. He enjoys golf and model trains for hobbies and is active in church work and the Little League. He is coach of the Cubs Little League team, chairman of the commitments progress

committee of All Saints Evangelical Lutheran church in Orland Park and a former council member and treasurer. He held these two posts also at Atonement Evangelical Lutheran church in Chicago. He is a member of the Orland Park Hills Home Owners Association.

Married 27 years, Mr. Fuller and his wife, Esther, have lived in their Holiday Court home five years. They have a married daughter, Mrs. Ronald Burman, of 15029 Holiday Ct.; an infant daughter, Nancy, a son, Robert, who attends Orland Center elementary school, and two grandchildren.

"Y" Names Secretary To Serve High School Youth

The appointment of Luther W. Anderson to the staff of the Southwest YMCA, is announced by James Tuthill, chairman of the board of directors. Anderson, who resides at 9409 St. Louis, Evergreen Park, will serve as a program secretary related to work with high school youth. He will be directly related to the students attending Oak Lawn, Sandburg, and Stagg high schools.

According to Tuthill, the assignment of a staff member to specific high schools is a new approach in this area. "The purpose," he said, "is to bring the staff to the teen-agers on a face-to-face basis since it is virtually impossible for them to get to the YMCA building whenever they might desire. In addition, it gives the "Y" secretary an opportunity to become familiar with the setting of the school community and the interests of the high school students."

Richard J. Yawger, executive secretary of the Southwest YMCA, pointed out that Anderson is not a stranger to the area. He has been residing at his present address for the past two years while he completed studies for a masters degree in group work education at George Williams college. During this time he has been employed by the local YMCA on a part-time basis.

Yawger said, "The addition

L. W. ANDERSON

tion of Luke Anderson is in keeping with our plans of placing a major emphasis on work with high school youth."

Anderson received his bachelor's degree from Augsburg college at Minneapolis. Following graduation he served on active duty in the army reserves and was later recalled to serve during the Berlin Crisis 1961 and 1962.

His wife, Winifred, teaches home economics and serves as adviser to the students council at Oak Lawn high school. She is also the advisor for the Torch Tri-Hi-Y club.

It's Official-Population At Orland Park Now 4,509

A revised and final figure for the special census taken of Orland Park this summer shows the total population as 4,509, which is five less than the first and tentative report given.

This is still a gain of 1,917 over the census of April 1, 1963 and will net the village something over \$10,000 a year increase in its share of the state motor fuel tax money. The motor fuel tax is allotted according to population, about \$5.50 per capita.

The special census cost the village of \$804 so it will do very well on its investment. Originally the federal census bureau estimated the cost at \$768 but that was

School Needs Funds

A "Two Million Dimes" campaign to raise money to build a school for mentally retarded children at Oak Lawn is scheduled for this fall in the southwest suburbs. In a letter to the Orland Park village board backers of the fund drive stated they were seeking volunteer solicitors for the drive at Orland.

The proposed school would accommodate 100 children, including some from Orland Park, it was stated.

The Oak Lawn project is sponsored by the Park Lawn Association parents group, which uses the name of the school. The Park Lawn group is joining with the Illinois Council for Mentally Handicapped Children in preparation for the national campaign to aid such.

The case of Michael Goddard, Frankfort township, arrested by Orland Park police in July on a charge of driving while intoxicated is at liberty on bond. He was granted a continuance to Sept. 17 that his attorney might study the case.

Serving as co-chairman of the affair is Jim Hall of Plainfield. In issuing invitations to the Republican state candidates, Hall said that they consider Will county to be a key county in the fall election and intend to campaign here to a maximum extent.

Miss Teenage America Contest Open

Chicago has begun its search for Miss Teenage America 1965. That bright, talented youngster will represent the entire Chicago area in the Miss Teen-age America pageant the week

of Nov. 7 in Dallas, Texas. Residents of Cook, DuPage, Kane, Lake, McHenry, and Will counties in Illinois are eligible.

Miss Teen-age America, to be crowned during a live,

nation-wide telecast on Friday, Nov. 13, wins a four-year, \$10,000 scholarship to the college of her choice, among other prizes.

Miss Teen-age Chicago 1965 also will be crowned

during a live, WGN-TV colorcast Sunday, Oct. 11, by the reigning queen, Raulene Keen, daughter of the Raymond Keens, 5704 S. Sayre, Chicago.

The 17-year-old Miss Keen was graduated with honors from Mount Assisi Academy, Lemont, in June. She will enter Northern Illinois University in September with a \$500 Chicago's American scholarship she earned when she was named the local teen queen.

Another \$500 scholarship awaits Miss Teen-age Chicago 1965, among other prizes.

Deadline for the local contest is noon Monday, Sept. 28. It is NOT a bathing beauty contest. Instead, contestants are asked to appear before judges in casual and semi-formal attire.

Girls between 13 and 17 who attend an accredited school and maintain a passing average are eligible.

For an entry blank and official rules, teens should write their name and address on a post card and mail it to the Miss Teen Chicago Contest, Chicago's American, 445 N. Michigan av., Chicago, Ill., 60611.

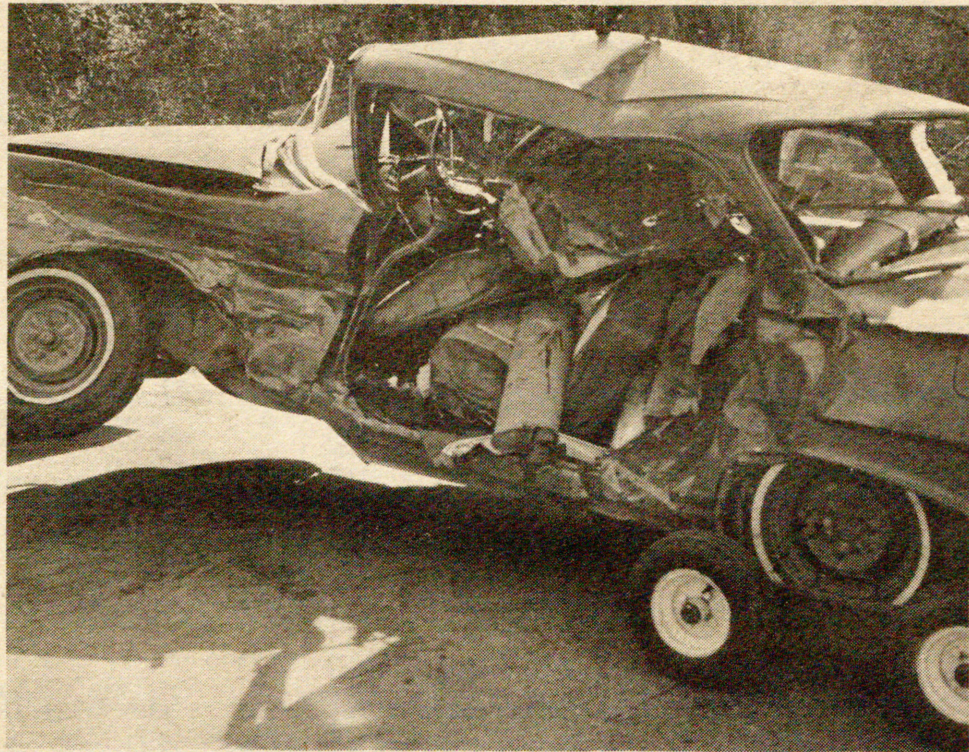

My Neighbors

"We'd like you to recommend the shortest route possible for our 5-mile hike."

GOOD NEIGHBORS--When Billy Stewart, 8, of Tinley Gardens was accidentally burned Sept. 12, he was taken to Ingalls Memorial hospital at Harvey where he is under treatment. When word got around of his plight the two girls here, Nancy Carol Yahn, 10, (left) and her 13-year-old sister, Louise Catherine, took up a collection in Tinley Gardens and Arbury Hills, and last week took the sum, \$50.25, to the hospital to be applied on the costs of Billy's treatment. They turned it over to W.J. Fowler (right) assistant administrator. The money is there on the table. At the hospital Monday it was reported Billy was progressing nicely, that with assistance he is able to walk a bit.

DIES IN CRASH--Cal Condon, 35, of 10243 Hawthorne, Orland Park, died in Christ Community Hospital Monday morning as a result of injuries received in a two car collision at 8 a.m. the same morning. Howard Vanek, Cook County Sheriff's Deputy, reported that an investigation revealed that Condon's car had not stopped for a stop sign on the south side of 131st St. at Bell Rd. His car was going north and was hit dead center on the left side by a car driven east on 131st St. by Karen Quilhot of RR 1, 127th St., Lemont. Condon was thrown from his car, but Miss Quilhot was not. She received cuts, bruises but no disabling injuries it was determined, after she was also taken to the hospital. No charges were filed.

Frankfort Grade School Buys Junior-Size Bus

The Frankfort grade school board has purchased a station-bus type vehicle from Cooper-Show Ford to transport special education pupils to Mokena and Joliet. In the past the board took care of this task thru private

carrier but this year insurance companies refused to give coverage to such a set-

up. The board contacted a taxicab firm but found its price too high. It was then it decided to purchase a vehicle of its own. The vehicle will cost \$1,897. The board

estimates that other expenses, exclusive of the purchase price will average \$1,500 a year. Under the private carrier program cost to the district averaged \$2,200 a year. The board figures owning its own vehicle will result in a saving of approximately \$700 a year. The vehicle will be utilized for other school purposes, it was said.

The board also has authorized a topographical survey of the school site in Connecticut Hills to aid in determining the most economical use of the land in the proposed building program.

If the board gets some federal money under the National Defense Education Act it is prepared to purchase a duplicating machine and an overhead projector for the match department. The federal government is supposed to reimburse the school district 45 per cent on such a purchase, it was said.

Neil Anderson, an August graduate of the University of Illinois, has been hired to teach upper grade science, have charge of the upper grade health program and assist in coaching. He will take the place of Eugene Inman who had been hired for these duties but resigned.

Arbury Hills

Kindergarten To Open At 9 A.M. August 31

MRS. EDWARD HOVI
479-5740
The Arbury Hills Kinder-
garten Organization held

their regular monthly meet-
ing at the school on Tues-
day evening, Aug. 21, after
a one month lay-off.

The opening of school was
the major topic of the meet-
ing. The kindergarten class
will open its fall session on
Monday morning, Aug. 31 at
9:00 A.M. There will be
abbreviated days for the first
three mornings to accustom
the youngsters to the school
program. On Monday, Aug.
31 the class will run from
9 a.m. until 10:30 a.m. on
Tuesday morning, Sept. 1,
and Wednesday morning,
Sept. 2, the class will be-
gin at 8:45 a.m. and end at
10:30 a.m. Beginning with

Thursday morning, Septem-
ber 3, the class will have
regular hours.

It is to be emphasized
that all medical and dental
examinations are to be com-
pleted by the first day of
school, and all required
forms are to be brought to
school on the first day, Aug.
31.

The next meeting of the
kindergarten organization
will be held at the school
on Tuesday evening, Sept.
15, beginning at 8:30 o'clock.

Mrs. Richert, the kinder-
garten teacher, will be the
guest speaker and she will
discuss the program for this
year and will answer ques-
tions of the parents present.
The hostess for the meeting
will be Mrs. Richard
Hendrickson, who will pro-
vide and serve the refresh-
ments.

There will be a commit-
tee meeting at the home of
Herb Neumayer to continue
plans for the upcoming Fun
Fair, sponsored by the Sum-
mit Hill Parent - Teacher
Group of Arbury Hills. The
meeting will be held tonight
(Aug. 27).

The Summit Hill Boy Scout
Troop Number 10 will have
their regular monthly news-
paper drive next Saturday
morning, Sept. 5. Anyone
wishing to contribute news-
papers, magazines, and oth-
er easily transportable pap-
er goods, are asked to have
their donation bundled in
some manner, and placed
either at the front door or
at the garage door prior to
9:00 a.m. Do not place them
at the curb, since they might
interfere with the garbage
collection which also takes
place on Saturday morning.

If you do not have rope to
tie the bundles, shopping
bags will serve to prevent
the papers from decorating
the neighborhood.

The proceeds from these
monthly newspaper drives
are being used for troop
camping equipment.

The First Nighters will
hold their regular monthly
meeting at the home of Mrs.
Betty Fife of 9431 West Birch
Avenue next Thursday
evening, Sept. 3, at 8 o'-
clock.

The Summit Hill Boy
Scout Troop Number 10 will
hold their monthly newspa-
per drive on this Saturday
morning, Aug. 29, instead of
Sept. 5.

Anyone needing twine to
tie up the bundles of news-
papers is asked to contact

Dan Markowski at 479-5041
or Paul Dickerson at 479-
5803 or George Brady at
479-5851 or Glenn Cullum
at 479-4491. Any of the above
list will be happy to bring
twine for newspapers to
your home.

Aug. 2 thru August 8 was
the week set aside for the
week camp out of Boy Scout
Troop Number 10. Dan
Markowski, the scoutmas-
ter, brought ten of the mem-
bers of the troop to the
camp for boy scouts at Mor-
ris, Ill. Mr. Markowski's
family was able to come a-
long with the group and stay
in the family area of the
camp.

The ten boys who partici-
pated in the outing this sum-
mer were: Paul Dickerson,
Russell Dickerson, Butch
Biddle, Dave Homer, Joe
Arcuri, Ken Lillie, George
Brady, Steve Watkins, Gene
Riha, and Jim Rochelle.

On Thursday, August 26,
the camp held what is call-
ed, "Big Night" during which
the nine troops present at
the camp for that week, com-
pete in scouting activities.
Of the ten boys from the
troop, two of them were in
the senior category, four-
teen and over. These two
boys ended the day first out
of the nine competing, and
the remaining boys ended
fourth out of nine even
though only two had previous
camping experience.

During the evening cere-
mony called "order of the
arrow" three of our local
boys were "tapped out"
(chosen as candidates for
the order of the arrow) Those
three chosen were Paul
Dickerson, Butch Biddle, and
Gene Riha.

When the boys arrived on-
ly four out of the ten could
swim at all with two being
called beginning swimmers
and two being classified as
swimmers, by Thursday
all boys had qualified as be-
ginning swimmers and five
classifying as swimmers.

Two of the boys, Paul
Dickerson and Butch Biddle
received their swimmers
merit award.

On the final day of the
campout the boys were told
of a small forest fire in the
area, and proceeded to ex-
tinguish it with their scout-
master in the manner of a
safety minded scout.

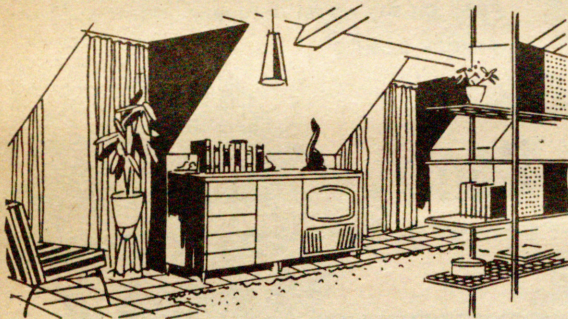

The boys went to the White
Sox versus Baltimore base-
ball game on last Saturday,
August 22. Too bad Chicago
had to loose. The boys will
also be attending a Midget
Auto Race in Joliet Stadium
this Saturday.

The first meeting of the
new season will be held at
the scouthouse on 191st
Street at 7:30 p.m. on Wed-
nesday, September 9. If there
are any boys between the
ages of eleven and four-
teen who are interested in
joining the scouting pro-
gram, please plan on at-
tending this first meeting.

The first overnight hike of
the season will be to Old
Camp Rainbow just outside
Custer Park, Ill., on Sept.
25, 26, and 27.

The third annual round-
up will be held at the pa-
villion of Van Horne Woods
on Sept. 30. This annual
round-up is to re-kindle any
possible lost interest in the
boys who had been in the
scouting program in the past
year, and also to gather any
new boys into the program.

New Playground Equipment Facinates Grownups Too

MRS. EMIL WILLE
Telephone: 469-5277

Physical fitness exercises can be fun for children. Grownups find it so at Ann Rutledge just watching the youngsters swarm over the PTA's newly purchased, specialized playground equipment. The modern trend is away from swings, see-saws and merry-go-rounds, because of the safety hazard. Also, this type of equipment affords little opportunity for the growth and development of young muscles.

The thirteen piece obstacle course will be used in physical education classes and during free play per-

iods. Its climbers, shinny poles, hand over hand ladders, balance beam, and curved overhead ladder are the safest possible play equipment.

The course allows children to jump, stretch and teaches them agility, balance, co-ordination and builds endurance.

The equipment was installed by members of the board of education and Bob Rucker.

Hold Action On Plat

Action has been held up on a tentative plat for a subdivision on 145th st., just north of Fairways Estates until a later meeting of the Orland Park village board.

The proposed subdivision would be known as Brentwood Hills. There are 19 lots in one portion of the tract and the remainder is in acreage plots. The proposals made to the village board is that all the houses to be built there will be of brick veneer, ranch style and with attached garages. They are to have three bedrooms and will sell around \$20-\$22,000.

Tentative plats were submitted for approval by the board after they had been presented to the planning commission. The planning commission is not opposed but it did recommend that the village change its zoning ordinance to eliminate A-A zoning which would permit 65-foot lots. A-zoning requires lots of 10,000 square feet with a minimum of 80-feet for frontage.

Brentwood Hill follows the minimum lot sizes for the most part, the plat show. The development is just outside the village limits.

Time To Sow

These round buttons of blooms are those of English daisy; come in pink, rose and white for your spring garden. Time to sow them now.

For pink and white buttons of English daisies to bloom in your garden next spring, you should sow seeds during August. These may be started in pots, in flats or in a special seedbed in the garden.

Where you sow the seeds will depend on the number of plants you wish to raise. Obviously the seedbed is the place to sow if you want many plants; pots if you want only a few.

Regardless of where you sow seeds, a good soil mixture in which to sow them consists of 1/4 of your best garden soil, 1/4 granulated peat moss and 1/4 sand. Mix well and sieve fine. Then fill pots, flats or seedbed with the mixture.

It's easy to make a raised seedbed. Select a partly shaded place in your yard and outline the bed by setting 4 boards on end. Make it any size you please, holding the boards upright by pegging them in place.

Into this enclosure, put the sieved soil, allowing it to settle for a week and then leveling it by drawing a block of wood or board across the top.

Now you're ready to plant and you needn't stop with seeds of English daisies because pansies, violas and forget-me-nots also may be started now for spring bloom.

Sow the seeds in rows or scatter them over the soil surface. Cover lightly with sand. Place a piece of burlap over the bed and water with a fine spray through the burlap. This prevents seeds from washing out of place.

Remove the burlap as soon as the seeds sprout, but continue to water with a fine spray until seedlings are ready to transplant, which will be as soon as they get their second set of leaves.

Move the tiny plants to a larger bed where you can protect them for winter or leave them a bit longer, thinning them to stand 6" apart.

If you do this, transplant them early in spring to where you want them to bloom. Protect them with straw over winter.

Cadet Girl Scouts Back From Camping In Dunes

Telephone: 479-3521

The dunes are quiet once more. The refrain of "Girl scouts Together" echoing through the trees is silenced for awhile because the eleven girls of Mokena Cadet Girl Scout Troop 335 have returned home after a wonderful four days camping at the Indiana Dunes state park.

The girls had a program of swimming and hiking. They took an all day hike covering the entire length of the park following the Indian Portage Trail. They ate lunch on the sandy beach after coming out of the trees and marsh. Insect repellent wasn't much help in the marshes. They took trails that led them to the top of bluffs that had an elevation of 192 ft., and a beautiful view of Lake Michigan.

The girls hiked each day to the beach and when the fifteen foot waves came they had the most fun. They had so much fun, no one wanted to go back to camp and start cooking the roast chicken menu they had planned.

One evening they shared a campfire with Explorer Boy Scout Troop 2073, Pack 20 of Leadville, Colo. This explorer troop has been touring the eastern U. S. for the last 42 days and were camped at the dunes for the night. Many interesting tales were exchanged between the two

designs of apples and bowling pins for the vets at Kankakee State hospital.

The next meeting will be the joint installation of jr. auxiliary officers with the American Legion and the auxiliary.
